

# THE BOARD MEMBER CLUB

*Presented by Wall Street Capital Partners  
Supporting, Honoring, and Encouraging the Next Generation of Growth CEOs*

---

May 7, 2026

**Dear Esteemed Colleague,**

It is with great pleasure and considerable pride that I write to you today, not merely as Founder and Host of the Board Member Club and Chairman of Wall Street Capital Partners, but as someone who has spent decades at the forefront of business leadership, and who therefore recognizes exceptional character and accomplishment when he encounters it.

I am proud to announce that **Mr. Emanuel Martinez** has been appointed as an **Honorary Advisory Board Member** of the Board Member Club, a distinction we reserve for individuals of the highest professional standing, character, and accomplishment.

This appointment is not one we extend lightly. The Board Member Club is an exclusive community of the most accomplished CEOs, Founders, and business leaders in the nation, individuals whose vision, integrity, and track record have set them apart in their respective fields. Emanuel Martinez exemplifies precisely the caliber of leadership, insight, and commitment to excellence that defines our membership. He is sharing this announcement personally, which is itself a testament to the trusted relationship he maintains with those in his circle.

## **About the Board Member Club**

The Board Member Club exists for a singular purpose: to support and elevate emerging company Presidents and CEOs who are poised for greatness. We achieve this by engineering extraordinary encounters, bringing rising leaders into the same room as the most seasoned CEOs and Founders in American business.

Our gatherings are by design: approximately **80% accomplished CEOs and Founders**, roughly **15% emerging company CEOs**, and the balance comprising visionary angel investors and early-stage funds. The result is a room unlike any other in business today.

Past guest speakers have included luminaries from the highest echelons of global business and public life, among them the **Presidents of Microsoft and Starbucks, CEOs of Boeing, Costco, Google, and Goldman Sachs**, as well as Senators, Governors, Secretaries of Defense, Larry Kudlow, Stephen Moore, Anthony Scaramucci, and many others who have shaped the direction of American commerce and policy.

In honor of Emanuel's appointment, we are pleased to invite you to the **Board Member Club Summer Gala on Wednesday, June 3rd** at The Penn Club of New York. This exclusive, invitation-only event will feature distinguished speakers, live music, and exceptional company. This is Emanuel's moment, and he would love to share it with you. Please visit [boardmemberclub.com](http://boardmemberclub.com) to learn more and register. We look forward to welcoming you.

*With warm regards and highest esteem,*

**Douglas Anderson**
